The Avaya Messaging Service allows you to send and receive text and multimedia messages (SMS and MMS) from your MSU phone number. By subscribing to the service you can receive SMS messages destined to your 10 digit phone number on your computer or cell phone. The service is perfect for communicating with students, employees and community members who use texting on their cell phones.

**BENEFITS**

- Send and receive SMS and MMS messages to and from your campus phone number.
- Unlimited texting and picture messaging included in the monthly fee.
- Use your computer and keyboard to respond to messages when you are at your office.
- Use your cell phone (via a data connection) to respond to messages when you are away.
- Integrates with your existing phone book on your Apple iPhone or Android phone.

**KEY FEATURES**

- Desktop, Mobile and Web applications to allow you to send and receive text messages.
- Works on any MSU campus phone number, including those on Avaya Campus PBX.
- Separate business messages from personal messages.
- **Compatible with**:  
  - Microsoft Windows 7, 8, 8.1  
  - Mac OS X 10.7+  
  - iOS 5+ (iPad, iPod, iPhone)  
  - Android 4.0+  
  - IE9+, Firefox, Chrome, Safari
- Requires internet access.
- $10/month per phone number.
